

Agile AND Quality CERTIFICATION

Parag Gokhale
PharmQuest

Need for Agile

- Healthy, agile software
 - Healthy software adapts and doesn't resist change
- PharmQuest
 - Product company
 - Requirements do change. Allow these changes.

Quality Mandate

- GxP compliance
 - FDA audits
- Responsibility and acceptance
 - Certification helps assign responsibility
 - Certification helps build trust
 - Delivery on time does the same

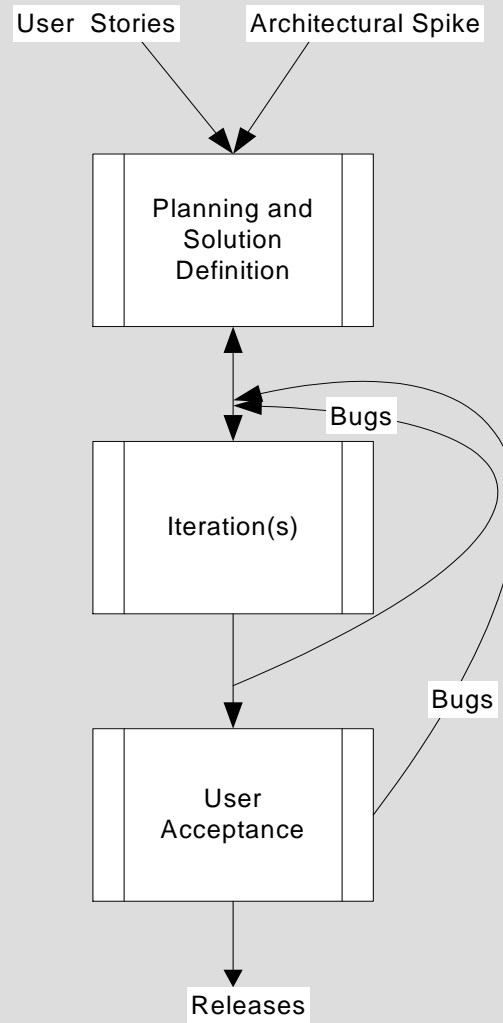

Challenge

- Consistent and Repeatable Processes
- Yet Agile

Our Approach

Our Approach...

- Is no different from XP text
- Tools for collecting data
 - Bugzilla
 - CruiseControl
 - Manual test records, if any
- Fixing what has not worked
