Agile India 2014 Conference - Feb 25 – Mar 1, 2014

Tue 25/2

Wed 26/2

Thu 27/2

Fri 28/2

Sat 1/3

## PreConference Master Classes

Scaling Agile Adoption

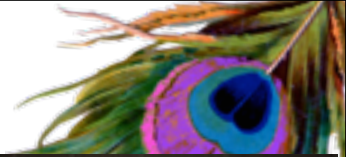

Offshore/Distributed Agile

Agile Lifecycle

Beyond Agile

- 🕒 **25<sup>th</sup> Feb - 1<sup>st</sup> March:** 10 Master Class Workshops from our international experts.
- 🕒 **26<sup>th</sup> Feb:** Scaling Agile Adoption - Under this theme, practical experience and expert presentations focusing on adopting Agile in organizations of all types and sizes, scaling from single team doing agile to multiple teams, departments and non IT adoption of agile practices. Topics related to changes in organizational structure & policies, auditing process & metrics collected and how performance management is performed will be covered.
- 🕒 **27<sup>th</sup> Feb:** Offshore/Distributed Agile - Under this theme, practical experience and expert presentations focusing on Offshore teams, distributed teams either in same time-zone or different time-zones, how CMM requirements affect agile adoption, how does fixed-price projects and outcome based billing models impact agile projects and more.
- 🕒 **28<sup>th</sup> Feb:** Agile Lifecycle - Under this theme, practical experience and expert presentations focusing on the entire lifecycle of a project/product starting from product discovery, project kickoff, release planning, user story mapping, development & testing practices, CI pipelines from development to deployment, measuring feature usage, doing A/B testing and beyond.
- 🕒 **1<sup>st</sup> March:** Beyond Agile - Under this theme, practical experience and expert presentations focusing on taking Agile methods to the next level such as Lean Startups for Enterprises, Continuous Delivery, using cloud services such as Iaas or Paas, Programmer Anarchy, Automation in device/embedded software, Agile in mobile development including CI & A/B testing, Challenges in managing generalizing specialists would be encouraged.
- 🕒 **2<sup>nd</sup> March:** Agile India Job Fair - World's first job fair dedicated for hiring Agile practitioners
- 🕒 Targeted at Founders, CxO, Executives, Sr. Managers, Product Owners/Managers, Agile Coaches, ScrumMasters, Architects, Business Analysts, SMEs, Developers, UX Designers, Testers & Technical Writers.

# +AGILE INDIA 2014 VENUE+

Chancery Pavilion Bangalore: Enjoy The 5 Star Luxury Business Hotel Experience

# +WHY AGILE MATTERS?+

**WE LIVE IN A DYNAMIC WORLD THAT IS CONSTANTLY CHANGING AND EVOLVING. OUR TEAMS, PRODUCTS AND PROCESSES ALSO NEED TO ADAPT TO STAY AHEAD OF THE CHANGE.**

**Flexibility/Agility - Embracing change & working with evolving needs is a very integral part of agile software development.**

**Time-to-market - 80% of all market leaders were first to market. Agile development philosophy supports the notion of early and continuous delivery leading to higher revenue & better market-fit.**

**Building Quality In - Cross-functional collaboration, early demos, frequent integration & by making testing an integral part of the development cycle, agile delivers better quality products early.**

**Visibility - Agile's collaborative approach encourages active stakeholder involvement throughout the product's development. Providing an excellent visibility for stakeholders, both of the project's progress and the product itself.**

**Bringing joy back to software product development, where ever you are in the world!**

# + WHY AGILE INDIA? +

**Agile India** is more than a conference, its a platform for practitioners from various companies to meet and network with other practitioners. We bring global thought leaders to impart knowledge, insights, share their ideas and latest research. By spearheading this initiative in Asia, ASCI is creating an unique opportunity for practitioners, agile coaches, thought leaders and tool vendors to support each other & collaboratively explore the future of Agile.

Provide Access To  
Top-Notch International  
Experts Under One Roof &  
Gain Authentic Knowledge  
On Agile & Lean Methods,  
Directly From Them

Learn And Share The  
Latest Trends, Practices  
And Research In The Field
