

Agile Software Community of India and  
NCR Agile User Group invite you to

Embrace Uncertainty

# Agile NCR 2008 Conference

## Saturday 8th March 2008

### Ansal Institute of Technology, Gurgaon

Agile is the new exciting way to develop software. Agile software development methods such as **SCRUM**, **Extreme Programming**, **Crystal** and **Feature Driven Development** have led to higher productivity and on time delivery of complex software development projects. ASCI and NAUG are organizing the first Agile Conference in NCR where you can hear and interact with the leading Agile users in India. This is a non commercial event where Industry and Academia both are welcome to participate.

#### Who should attend

- Software Developers and Programmers
- Project Managers and Program Managers
- Students and Faculty of Software Engineering
- Business Managers developing software for competitive advantage

*No prior experience on Agile is necessary.*

#### Highlights of the Conference

- First time in NCR
- Supported by industry and academia as well as CSI, IETE
- Pete Deemer from Yahoo, India as the Keynote Speaker
- Moderated by the Agile User Community
- Open Space Session

#### Day Long Program Comprising Topics Such As

- Metrics for an Agile Project
- Implementing Agile in Distributed Team
- Evolution of Inter-Team Collaboration Models - Scaling Agile
- Leveraging Agile in Waterfall projects

#### Event Host

#### Event Organizer

#### Sponsors
